Dear Colleagues and Friends,

it is a great honour for us to host you in Rome in occasion of the 2007 ESPU-SIUP Course on “Paediatric Reconstructive Urology” and the Fifth Course in Paediatric Urology of the ESPU Educational Committee.

The 2007 ESPU/SIUP Course, organized by the Division of Paediatric Urology, Dept of Nephrology and Urology of the “Bambino Gesù” Children’s Hospital, will be held on December 6th and 7th. The Course in Paediatric Urology of the ESPU Educational Committee organized by the Division of Paediatric Surgery of “Maggiore Hospital” in Novara, will follow from December 7th (afternoon) to December 8th. This conjoined formula was chosen in order to allow participants to easily follow both events.

The ESPU-SIUP Course is mainly practical, offering live and video surgical demonstrations of reconstructive surgical procedures in complex or controversial situations. Interactive discussion between Faculty and the Participants is welcomed. To allow a better interaction between Experts and Delegates, the number of Participants is limited to 80. So, please, register yourself on time!

The 2007 ESPU Course of the Educational Committee, at its 5th edition, covers most aspects of Paediatric Urology, both with lectures and case presentations. Faculty includes well known experts coming from all over Europe.

So, we expect to see you in Rome next December. Rome, the “Eternal City”, always welcomes You warmly.

Paolo Caione, Emilio Merlini and Serdar Tekgul
