**Why the fellows shall choose this center to visit:** Under the direction of Dr Pippi Salle our Division is active clinically and scientifically under international standards immersed in a fast developing country. Qatar is becoming a point of reference for the Middle East and a place is worth to visit. Is a great meeting point of cultures from all around the world with 90% of the population from abroad giving the opportunity to see different approaches to similar conditions of our specialty. As a matter of fact our Division is composed of doctors of Africa, Middle East, Europe and south/North America. We all are committed to offer a warm welcome and unforgettable experience
