Number of urodynamic studies/week: 10

At what time of year and how long a fellow shall visit the center: We work around the year non-stop with the small exception of two weeks during christmas-holidays.

The duration of the visit depends on the prior knowledge of the candidate in the area of pediatric urology and depends on his future aims and ambitions.

How active can the visiting fellow be (either due to legislations or institutional circumstances): Depends on the fellow's background

Scheduled educative activities visiting fellow can attend: Weekly schedule of the Trainee

The trainee is full time working as paediatric urologist at the division of paediatric urology.

A distinctive feature in the paediatric urology in Erlangen is the separate ward, where the trainee is skilled regularly.

The specific urologic x-ray like VCUg or illustration of urinary diversion is also done by the paediatric urologists at the urologic x-ray workplace. Also the x-ray diagnosis report is done by the paediatric urologists.

The trainee is following the Division's week schedule:

Monday "Kindersprechstunde" outpatient doctors-hour.

Tuesday operation theatre, ward, "Bladder School" diagnostics.

Wednesday operation theatre, ward, "Bladder School" course of instruction.

Thursday operation theatre, ward,

Friday operation theatre, ward, urodynamics

Weekend paediatric urologic on-call duty

- Daily staff meeting of the paediatric urologists 7.15 am

- Daily visitations of interdisciplinary patients in the Department of Paediatrics and Adolescent Medicine, conferences on demand

- Weekly Paediatric Tumorboard

- Weekly Transplantation Conference

- Monthly Paediatric-Nephrologic-Urologic Colloquium

- Paediatric urologic case discussions 4 times per year

- Case discussions with the other medical specialities on demand, the cases are then presented in the daily staff meeting.

Conferences with irregular participation:

- Paediatric Nephropathology

- Radiology/Ultrasound (paediatric) daily

- Morbidity/mortality NTX 2/year

- Basic science (paediatric)

- Journal club (urology)

Is there a possibility some of these activities can be done in English: Yes

Cost of living in Euros for a month (including accommodation and transport considering a moderate lifestyle): 1500

Is there any facility for easy/cheap accommodation: No.

Is there a former visitor of your center willing to be contacted: No.

Why the fellows shall choose this center to visit: We offer a wide operative spectrum in pediatric urology training, including kidney transplantation in small children, reconstruction of complex congenital malformations as well as a wide spectrum of outpatient care, including a specialised Uro-Therapy department
