Contemporary Pediatric Urology & FEAPU Exam
Preparation

1-2 OCTOBER 2026

Seville · Spain

REGISTER NOW · eventbrite.com

About the Course

An intensive one-and-a-half-day course offering a structured, evidence-based review of contemporary pediatric urology — built around interactive clinical cases.

1

1½-day intensive

A structured, comprehensive review of the most relevant topics in contemporary pediatric urology.

2

Case-based learning

Interactive case analyses aligned with the format and expectations of the FEAPU examination.

3

Expert-led & interactive

Concise expert presentations paired with moderated discussion of complex clinical scenarios.

4

Who should attend

Pediatric surgeons and urologists in training, fellows, and clinicians caring for children.
